3B. Where supply occurs if off-premises request made

For the purposes of this Act, if liquor is provided to a person who was not on licensed premises at the time the person ordered the liquor, the supply of the liquor to the person occurs at the place where the liquor provided was appropriated to the person's order.

Examples:

1. A customer sits down at a kerb-side table of premises operated by the holder of a general licence. She orders a glass of wine. The waiter takes the order to the bar, where a glass is filled. The waiter then takes the glass to the customer. In this scenario the wine in the glass is supplied to the customer at the bar because that is where it was appropriated to the customer's order.
