

The G Train

Powered by

PICK UP & DROP OFF POINTS

The MCG's 'G-Train buggy service operates during public events at the MCG.

The service is free and accessible to anyone with mobility challenges. There is no need to pre-book, simply wait at a designated pick up point for the next available buggy.

Pre-Event

The 'G-Train operates from Yarra Park gate opening time and runs continuously throughout the match. The service may be paused temporarily, or divert through Yarra Park, if crowds on the concourse are too large.

Post-Event

The 'G-Train service is typically delayed 10-15 minutes after the final siren until crowds on the concourse have thinned. Patrons can wait at the pickup spots and speak to the G-Train attendants to reserve a space in the queue. The service runs until no later than 1 hour post event.

The 'G-Train cannot access the southern concourse (Gates 1, 5, 6 & 7). Wheelchair escorts to the 'G-Train's closest station can be offered for patrons in this area of the precinct.
